UNACCEPTABLE PROPS:

Any item capable of firing projectiles will not be allowed. This includes airsoft guns, Nerf guns, water guns, BB and pellet guns, and others, as we deem appropriate.

Costume props may include LIMITED MOVING PIECES. Any costume piece made from real gun parts, even parts now rendered inoperable, are not acceptable.

No props designed to appear identical to real guns are allowed, whether they are made of appropriate materials or not. A Fallout cosplayer, for example, can bring a self-built plasma rifle. Leave the Chinese Assault Rifle at home!

Although some costume props may include screws or small nails, absolutely no steel will be permitted. A steel sword, even blunt or secured permanently within a scabbard, will not be allowed. The same applies to morning stars, flails, etc. Any metal other than screws and nails for construction purposes will render your costume weapon inappropriate!

Other non-metallic solid materials are not permitted either. Hard rubber, fiberglass or the like can be just as dangerous as steel, and are not allowed..

No explosives or chemicals, including anything capable of "making a mess."

ABSOLUTELY NO FIREWORKS!

PERMITTED PROPS:

Costume or prop weapons, made of papier mache, plaster of Paris, cloth, balsa wood, worbla, foam, eva foam, cardboard, fabric, thin plastic, leather, thin wood and other prop-grade materials.

Bows or crossbows, provided they are strung with string, twine, or some other non-weapon grade substitute. The bow must be capable of producing no pull when drawn. Arrows or bolts must be dull.

Maui Comic Con wants to provide maximum creativity to cosplayers while still keeping safety our top priority. Props will be removed from the premises when appropriate, but remember that Maui Comic Con and Maui Comic Con staff have the right to remove individuals from the premises as well. When in doubt, our staff will err on the side of caution, and we expect cosplayers to do the same.
